*Applying to  
University/ College  
Admissions Process*

# Applying to University/College

---

- The importance of planning in the application process.
  - Understanding the importance of timely applications
  - Developing an awareness of the resources available to help with the application process

# Planning and Organization

---

- Entrance requirements differ for **every** University/college
- Pay close attention to the application forms to make sure you provide everything they need. If you are doing it on-line do a practice copy
- Jot down each post-secondary's admission **deadlines** on a calendar or in your agenda book -- and consult it often

# The Pieces of an Application

---

- **The Application Form**
- **Transcripts (Make sure you complete the Transcript Requisition Form- available outside Mr. McPherson's office. You cannot send your transcript directly –it must be sent by Guidance Dept.**

# Submitting and Getting a Reply

---

- Print and keep a copy of all applications
- While you wait, keep working hard at school
- Keep the post-secondary institution updated on any new events
- If you are accepted by your first-choice school – GREAT!
- If you get accepted to more than one institution be sure to follow up with the ones you aren't attending
- If you aren't accepted by any, find out why and fix it!

# Summary
